

PRIDÁVANIE AuthorID a PUBLIKÁCIÍ Z DATABÁZY SCOPUS do ORCID profilu

Pre pridanie AuthorID a záznamov publikácií z databázy Scopus je potrebné:

1. Prihlásiť sa do existujúceho účtu ORCID iD.

2. **Doplniť údaje o iných identifikátoroch:** záložka **Other IDs** – needitujú a nevkladajú sa ručne, do profilu sa *doťahujú automaticky*, keď si autor správne spáruje iné identifikátory/profilu (Researcher ID, Scopus Author ID, ...)

3. **Doplniť bibliografické záznamy publikácií:** záložka **Works** → +Add → Search&link – z ponúkaných možností vyberiete **Scopus – Elsevier**

Scopus - Elsevier

Import your Identifier, profile and publications. The wizard helps you find the correct Scopus profile and to confirm your publications. You can then import the identifier and list of publications into ORCID. Any changes you make will be submitted to the Feedback team to update your Scopus profile.

[Show less](#)

3. **Autorizovať:** systém si vyžiada autorizáciu účtu s autorom v databáze Scopus

Send Scopus Author details and publication list to ORCID

Your publications on Scopus may be spread over a number of different Author profiles, because these are generated automatically.

In order to create a single profile containing the correct publications, please follow the steps in this wizard.

On completion, any changes will be sent as corrections to Scopus.

To locate all Author ID's please provide all the name variants under which you have published below.

 **The search query returned no authors.**
 Unfortunately we could not find any authors by that name, please enter more author names.

Author	<div style="border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;">Last name</div> <input style="width: 95%; height: 25px;" type="text"/> <p style="font-size: small; margin-top: 5px;">E.g., Smith</p>	<div style="border: 1px solid #ccc; padding: 2px; margin-bottom: 5px;">Initials or First name</div> <input style="width: 95%; height: 25px;" type="text"/> <p style="font-size: small; margin-top: 5px;">E.g., J.L.</p>

Poznámka: V databáze Scopus si vedec jedinečný identifikátor nevytvára, je mu pridelený automaticky pri prvom zaindexovaní jeho publikácie. Dôležité je overiť si, či skutočne ide o práce daného autora (môže sa stať, že v prípade zhody mena a priezviska databáza priradí k AuthorID autora publikácie niekoho iného).

4. Skontrolovať, či ide o daného autora a jeho publikácie. Kontrola prebieha v niekoľkých krokoch:

A) výber správneho profilu autora → potvrdíte zaškrtnutím a tlačidlom **Next**

The screenshot displays the Scopus ORCID interface during the 'Select your Scopus profiles' step. At the top, the Scopus ORCID logo is visible. Below it is a progress bar with six steps: 1 | Select profiles (active), 2 | Select profile name, 3 | Review publications, 4 | Review profile, 5 | Send Author ID, and 6 | Send publications. The main heading is 'Select your Scopus profiles', followed by the instruction: 'Please select all profiles that contain publications authored by you and click the next button to continue'. A search bar shows 'You searched for: Authname (Melegova,)' and a 'Sort by' dropdown set to 'Relevancy'. Below the search bar is a table with columns: All (checkbox), Authors, Documents, Subject area, Affiliation, City, and Country. Three profiles are listed:

All	Authors	Documents	Subject area	Affiliation	City	Country
1	<input checked="" type="checkbox"/>	Melegová, Nikola Melegova, N.	3 Chemistry, Pharmacology, Toxicology and Pharmaceutics, Biochemistry, Genetics and Molecular Biology, Medicine	Pavol Jozef Safarik University in Kosice	Kosice	Slovakia
2	<input type="checkbox"/>	Melegova, Jarmila	1 Medicine	Klinická Biochémia	Zilina	Slovakia
3	<input type="checkbox"/>	Melegová, Linda	1 Pharmacology, Toxicology and Pharmaceutics, Agricultural and Biological Sciences	Slovak University of Technology in Bratislava	Bratislava	Slovakia

Each profile row includes a 'Show recent documents' link. At the bottom right of the table area, there is a 'back' link and a 'Next' button, which is highlighted with a red box. The footer contains links for 'About Scopus' (What is Scopus, Content coverage) and 'About' (Terms and Conditions, Privacy Policy, Cookie Policy), along with the Elsevier logo.

B) potvrdíte preferovanú verziu mena → tlačidlo Next

E) **potvrdíte** export bibliografických záznamov publikácií z databázy Scopus do ORCID profilu

F) **bibliografické záznamy sa vyexportujú** do ORCID profilu a v záložke Others iD **pribudne “živý link” Scopus Author ID**

The screenshot shows the ORCID profile page for Peter Šoltés. The page includes a navigation menu with links for ABOUT, FOR RESEARCHERS, MEMBERSHIP, DOCUMENTATION, RESOURCES, and NEWS & EVENTS. A search bar is located in the top right corner. A maintenance notice is displayed below the navigation menu. The profile information on the left includes the ORCID iD (https://orcid.org/0000-0003-3832-7108), a print view option, and other identifiers: Peter Soltes, Šoltés P, Soltes P. The 'Websites & Social Links' section contains a URL to a website. The 'Country' is listed as Slovakia, and the 'Keywords' are history. The 'Other IDs' section, which is highlighted with a red box, includes ResearcherID: X-1869-2019, Scopus Author ID: 66442743300, and GND: 128886145. The 'Works (10 of 10)' section on the right lists three journal articles, each with a 'Preferred source' star icon.

Poznámky:

Pri exporte prác z databáz Scopus a Web of Science do ORCID profilu môže dôjsť k **duplicite bibliografických záznamov** v prípade, že tá istá publikácia je indexovaná v oboch databázach.

Riešenie:

Po prihlásení do ORCID profilu môže autor tieto záznamy odstrániť/zlúčiť. Zaškrtnutím názvu identifikuje duplicitu, čím sa aktivuje tlačidlo *COMBINE WORKS* (v záložke *WORKS* → *Actions*), a následne potvrdíte operáciu.

S cieľom udržiavať ORCID profil aktuálny je potrebné import bibliografických záznamov z databázy Scopus **zopakovať** vždy, **keď do databázy pribudne nová indexovaná publikácia** (článok v časopise, príspevok v zborníku, kapitola v monografii...).

Viac informácií o trvalom identifikátore Researcher ID databázy Web of Science a možnostiach importu bibliografických záznamov z tejto databázy do ORCID profilu nájdete v manuáli [ORCID_Web of Science manuál](#).

Viac informácií o možnostiach importu bibliografických záznamov z databázy UMB pomocou nástroja BibTex do ORCID profilu nájdete v manuáli [ORCID BibTex manuál](#).
